

PODAR INTERNATIONAL SCHOOL, DAVANAGERE

Circular: Nursery to Grade 10

Date: 1 April 2026

Subject: Announcement of Leadership Transition and Academic Excellence Initiatives

Dear Parents,

Change is often the catalyst for growth, and today we share news of an exciting transition within our school leadership that promises to strengthen the academic fabric of our entire region.

A Legacy of Excellence: Ms. Palukuri Revathi

We are pleased to announce that our Principal, **Ms. Palukuri Revathi**, has been **promoted** to the prestigious role of **Academic Trainer** for the **Podar International Schools** across Karnataka. This elevation is a testament to the remarkable vision, dedication, and transformative work she has accomplished here. Under her leadership, our school has reached new milestones in student achievement and institutional pride. While we will miss her daily presence, her expertise will now guide the academic standards for thousands of students across the group.

As I take charge as the Principal, I want to share my vision for our school. My approach is rooted in **Respect, Dignity, and Collaborative Growth**. I believe that a school is a "**Temple of Learning**" where teachers, parents, and students work together as partners.

To give you a brief insight into my professional journey, I bring **17 years of experience** in the field of education, with **15 of those years** dedicated to the Podar network. My career has spanned roles as a Primary, Middle, Secondary, and Sports Coordinator, and most recently, as the **Vice Principal** managing two campuses in Mysore for last four years. I also have the privilege of serving as a **Master Trainer** for CBSE schools across Karnataka, a Master Trainer for Podar Groups of schools, a **Review Team Member** for the Podar Innovation Centre (PIC), and served as the **State Secretary for a network of 200 NGOs**. This diverse background has shaped my belief that education must be both academically rigorous and character-building.

The Road Ahead

My focus will be on the steady implementation of our **School Development Plan (SDP)** and ensuring our internal review systems maintain the highest quality of instruction. I am here to listen, to observe, and to lead with a "Student-First" mindset.

Let us work together to ensure that PIS Davanagere remains a center of excellence where every child feels valued and inspired.

Thank you for your continued trust in us.

Regards,
Martin Arockia Raj
The Principal
