

### Efforts made in the field of Education Environment

#### Teaching techniques being used to enhance Virtual Teaching

- Virtual teaching is being done through Google Meet.
- Screen sharing is used to display the e-book, PPTs, videos, and other audio-visual aids.
- Use of the White Board specially for subjects like Mathematics, Science and Languages.
- Tools like Padlet, Jamboard, Quizzes, Wheel Of Names, Kahoot, etc. are used to enhance student engagement.
- Handouts & other reference materials are prepared by teachers and shared for students' support.
- Art Integration Activities and Inquiry based Teaching Techniques help in making virtual sessions engaging.

#### Mode of Submission of Students' Work

- Students submit their written work and activities in PDF format through the School Portal - 'BetweenUs' and Google Classroom.

#### Correcting and Providing Feedback on students' work

- Teachers use PDF Editing tools to check students' submissions on the School Portal & Google Classroom.
- Feedback is given online with the corrected assignment or verbally through Google Meet, if required.

#### Assessment Techniques

- Assessment of work through BetweenUs and Google Classroom. Open ended questions to check the understanding of the concept and the idea.
- Revision tests
- Asking Questions, holding discussions, class tests and quizzes held at regular intervals, assignments and feedback on Between us and Google Classroom
- Revision tests. Providing assignments, feedback and remarks
- Students are asked to do self corrections in the class and they were asked to submit the same sheets through Google classrooms
- Taking tests in different forms (Pen-paper, MCQs, Oral, etc).
- JAM sessions.
- Quiz on google form
- Term exams are conducted through Podar in house portal Between Us and Google Forms.

#### Connect & Communicate

- Students who have problems in attending online classes have been contacted by teachers. They have been advised to follow the instructional videos shared on Google Classroom and BetweenUs, to study the topics, access written work done and try to submit for correction.
- The teachers have uploaded the learning materials as per the portion covered in Google Classroom.
- Teachers upload the following everyday on Google Classroom
  1. Daily log of topics taught
  2. Homework and assignment schedule
  3. Term wise and Monthly syllabus
  4. Record of attendance

*Shetty*

- Weak students' module
  1. Identifying students who require help to cope with the subjects
  2. Remedial classes
  3. Doubt clearing sessions

#### Innovative Initiatives taken by the School

##### **Symphonics teaching for Grades I-V**

- Symphonics teaching as an extension of English, using different innovative & engaging techniques.
- Videos made by teachers and shared online, help the students to recapitulate the various principles of Symphonics.
- This has proved helpful in improving pronunciation, vocabulary and spellings.
- As per the decisions of SMC, we provide Inclusive education.

##### **Peer Learning [Middle & Secondary levels]**

- The teacher divides the class into groups of mixed capabilities.
- Each group prepares a topic to teach to the class, under the guidance of a teacher.
- Delegation of different tasks like - teaching, use of teaching aids, creating student engagement activities, creating an assignment for written work, moderation, is done on rotation basis.
- The Peer Learning session is conducted under the observation of the teacher and a parent observer.
- Feedback on the performance of each student in the group is collected from the teacher, the parent observer and the class through Google Forms.

##### **Inquiry Based Teaching**

- Teachers have been trained in Inquiry Based Teaching Techniques.
- These techniques are being increasingly used in the virtual classroom to improve student interaction & engagement.
- This is also helpful in making the teaching-learning process more learner-centric.

##### **Module on Cyber Safety**

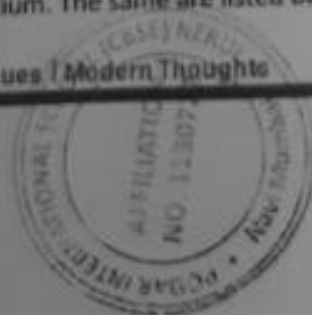

- Trainings on Cyber safety have been conducted for both teachers and students.
- They have been familiarized with the important safety protocol to be followed in the cyber space.

#### Academic, Co-Curricular & Sports Activities conducted by the School

The school conducted multifarious activities across grades both academic and co curricular. As an integral part of experiential teaching, online science lab activities, creative and innovative teaching techniques were successfully conducted. The key feature of the Inquiry Based Learning is that it fosters self-learning and allows the students to study according to his or her aptitude and skill.

To ensure continuous holistic development of the students, multiple co-curricular & sports activities were conducted throughout the academic year. Celebration of National Days, festivals and other important events continued in the virtual medium. The same are listed below:
