## **REPORT ON ACADEMIC YEAR (2021-2022) ANNUAL DAY CELEBRATION**

**12<sup>th</sup>, February 2022:** Podar International School ICSE/ISC Nerul celebrated its virtual Annual Day on 12th February 2022 with great zeal and enthusiasm. This year the theme for Annual Day was **Panchatatva**- the five elements of nature that is earth, water, fire, air and space which was presented meticulously through a spectacular performance by the students of grade V to VIII.

The programme commenced seeking the blessings of Lord Ganesha through an invocation dance by the students. The Annual Report was then presented by our esteemed Principal, Dr. Bhushan Bonde who highlighted the school's achievements and milestones in academics, sports and co-curricular activities.

The program was followed by a spectacular display of an array of performances by the students. The program was centred around the significance of the five elements – Space, Air, Fire, Water and Earth. This was conveyed through short narration and dance showcasing the significance of earth, water, fire and air is the essence of all life forms and thus makes the evolution of life possible. While Space is the emptiness in which all the other elements exist. It represents the nature of the void that envelops everything and exists in them.

The performances delivered a strong message to the audience that we need all these five elements to be present to maintain a balanced state in the universe.

The program concluded with the Finale dance followed by the formal Vote of Thanks given by the students. The event was a success and was well appreciated by all. This day kindles the spirit of togetherness through which students and teachers showcased their efforts despite the difficult times.

The Annual Function proved to be an astounding visual treat that enthralled the audience who connected virtually to the show. This year, the Annual Day celebration was special as for the first time ever, we conducted something, this big on a virtual platform that would be cherished by the participants, academic staff and parents for a longer period of time.
