### **ANNUAL REPORT 2020-21**

"Innovation is the change that unlocks new value that leads to betterment and success."

#### **Parent Orientation**

Parent members filled in their consent online to take up the roles of PTA members. A general body meeting of parents was held during the pandemic situation to orient the online teaching procedure and schedule.

#### **Academic Activities**

Students all round development was fostered through introduction of various curricular and co- curricular activity to encourage creative, independent and competitive spirit through online platform. Students attended live class online from March 28, 2020.

Well designed curriculum and well trained teachers made learning fun filled and fruitful even from home. Students' assessment and resources were updated in our BetweenUs Portal.

Having the school completely digitized has in numerous advantages to the parents, teachers and the school itself.

Parents can keep a real-time track of the status of their child for Daily Attendance, Fee status, Periodic Results, School Circulars and News, etc. through the BETWEENUS SCHOOL APP on Android and Apple mobiles and through the WEB PORTAL.

Parents have a direct access to communicate with the Class-Teacher for regular update of their child and the cases which need my personal attention can be escalated directly to me through the provision of Communicate in our Portal.

Parents and teachers have been brought closer as this software provide a direct upload of the daily homework on the online portal parallel to what's given in the classroom, so that parents too are apprised of the daily lesson updates given in classroom and the same can be enforced at the parents' end too.

As a new endeavour, we took a giant leap in the examination procedure this year by replacing the conventional regime of Pen Paper test to online

test. Reports-cards are Computer Generated . This transformation helped the parents to know the results on the portal itself, Virtual Parent meeting were conducted for the parents to connect with teachers and school.

Co-curricular activities help the children develop their skill the school conducted all the events and activities virtually beginning from introduction of yoga classes and zumba classes for all the students online on regular bases.
