

Podar International School, Ambegaon

Newsletter 2022-23

MONTH: JUNE

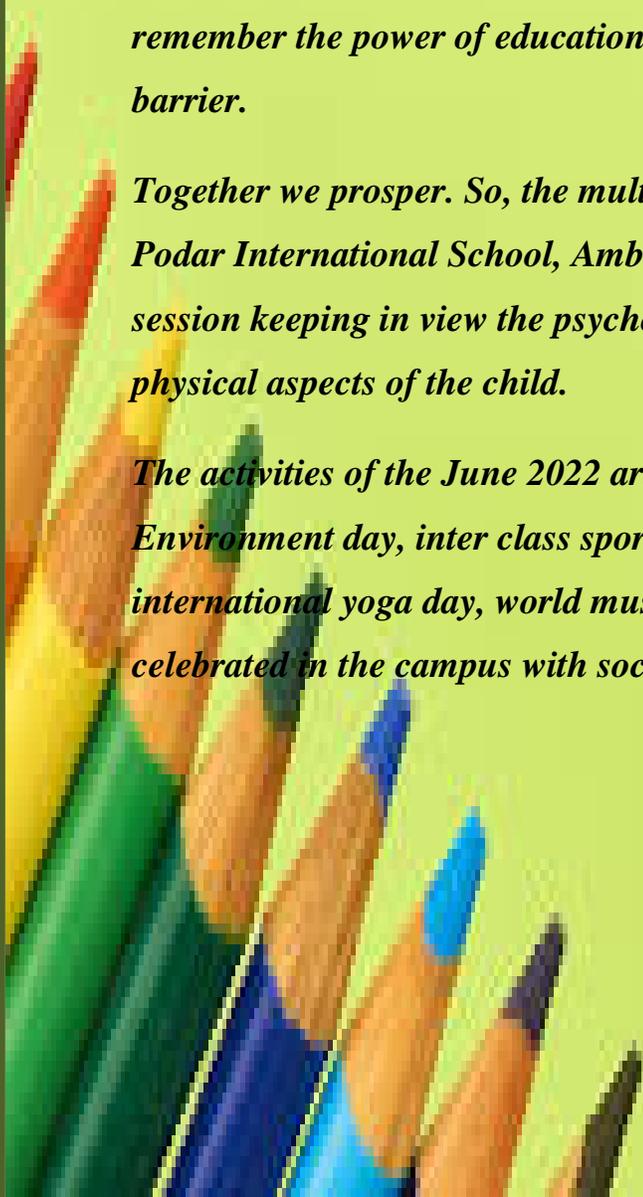

Editor's Desk :

School bells are ringing louder, vacations are over, and school is here. The new academic session resumed after vacation with new opportunities and challenges keeping in mind the sacrifices that we made during the pandemic.

We may be filled with doubt but it is certain that we will continue to adapt and explore in every situation. Though the dilemma continues, we'll always remember the power of education and be determined throughout every barrier.

Together we prosper. So, the multifaceted principal, Mrs. Anagha Gholap of Podar International School, Ambegaon designed the blue print for new session keeping in view the psychological, emotional, intellectual and physical aspects of the child.

The activities of the June 2022 are part of the same vision. The world Environment day, inter class sports, art and craft, world oceans day, international yoga day, world music day and international Olympic day were celebrated in the campus with social, cultural and educational objectives.

World Environment Day

Date: 5/6/2022

In the universe are billions of galaxies,

In our galaxy are billions of planets,

But there is only one earth.

“Only one earth” was the slogan for the 1972 Stockholm conference; 50 years on, this truth still holds – this planet is our only home.

World environment day at Podar international school, Ambegaon

After 2 years of the unexpected pandemic, world environment day was celebrated with great zeal and spirit in Podar international school, Ambegaon. Principal, Mrs Anagha Gholap, the person with the distinguished vision, addressed the students to create awareness on climate action and nature. The environmental awareness includes the following attempts to connect the students with the nature.

1. Special assembly –

Special assembly was conducted where the students presented speech and poem.

2. Science experiments –

Science experiments were carried out in science laboratory. soil erosion, global warming, wind energy to electric energy and impact of pollution on earth, were part of the same.

4. Art and craft activities –

Various art and craft activities were performed by the students. Which include

a) Collage making – *students clicked different photographs on nature to make collage. These were the attempts for the day and will be continued on various occasions to*

Sustain the environment.

b) T shirt printing -*to create awareness, students printed slogan, go green on t shirt.*

c) Making of bird nest – *best out of waste. Rough material like cards and papers were used to prepare the nest.*

d) Green wall – *students brought saplings and placed them in green colored bottles to Hang them on school walls.*
