## Health and Sanitation Certificate

This is to certify that the Maruti Suzuki Podar Learn School Vill: Sitapur, Tal: Mandal, Dist: Ahmedabad has excellent sanitation facilities. I personally visited the school and found that sufficient amount of Toilets for girls and boys are made in very clean and hygienic. They have separate special Toilet made for physical challenged students. We have taken round of school and found no water logging and accumulation of water, which lead to mosquito breeding. The school has regular health camps and medical room in the school for students. Drinking water point were found very clean and Ro are in working conditions, which is safe for drinking.
