

PODAR INTERNATIONAL SCHOOL, PIMPRI, PUNE

FEBRUARY-2022 EVENTS

Immunization being vital during the pandemic , PIS, Pimpri undertook the initiative to organize a Vaccination Campaign in the school premises for the students. It was held on Saturday, February 05 2022, total 52 students were vaccinated.

Requisite arrangements were made by the school staff in concurrence with the directives from the Health Department of PCMC.

This initiative was highly appreciated by the stakeholders .

Vasant Panchami heralds sprightly spring. This gold-dusted season dedicated to Goddess Saraswati, the epitome of knowledge, music and art was celebrated joyously.

Students ushered spring into the corridors and classrooms by putting up charts, depicting the season. Spring poems were also illustrated on the display boards. It was worthwhile to see that the celebration of the season across the globe was represented through the myriad displays.

Thank you
