Dear Teachers,

In view of the rising temperatures, please take the following precautions to ensure the safety and well-being of our students during school hours:

- Encourage students to stay hydrated throughout the day. Allow them to refill their water bottles as and when required.
- Avoid taking students out in the sun. Please try to engage them in indoor activities wherever possible.
- Ensure that students eat their tiffins properly. Kindly see that no child skips meals or leaves the food brought from home unfinished.
- Check that all fans in the classrooms are functioning properly. Report any issues immediately.
- Keep classroom doors and windows open to allow proper cross ventilation.
- During dispersal, kindly support actively to ensure students are not left standing in the sun for too long.

Your cooperation is crucial in helping us create a safe and comfortable environment for our children.

Warm regards,
Principal
