Teachers Handling Literacy and Numeracy (Classes I–V)

Dear Teachers,

This is to bring to your attention the importance of aligning our Literacy and Numeracy instruction with the prescribed pedagogical practices under the Foundational Literacy and Numeracy (FLN) framework.

All teachers handling Literacy and Numeracy up to Class 5 are hereby instructed to:

1. Thoroughly go through the directives issued by the PIC and ensure that all lesson plans are prepared and delivered accordingly.
2. Refer to the CBSE FLN Teacher Corner for additional academic support and clarity on approaches to foundational learning:
<https://www.cbseacademic.nic.in/fln/teacher-corner.html>
3. Familiarize yourselves with the principles and key expectations outlined in the NCF for Foundational Stage to ensure that classroom delivery meets national standards.

These references and planning directives are vital in creating meaningful and effective learning experiences for students.

You are expected to review the shared resources and implement the guidance in your daily planning and instruction (the teaching plan is to be verified and approved by the respective YLs, with the Coordinators kept in the loop). A follow-up review of your lesson planning and execution will be conducted on a day to day basis by respective YLs and Coordinators.

Your cooperation and commitment to academic excellence are appreciated.

Warm regards,
Principal
