Parents Advisory: Student Safety During Commute

Dear Parents,

At PIS, Samastipur, the safety and well-being of our students remain our highest priority. While the school ensures proper safety measures within the campus and in school-managed transport, we would like to draw your attention to the growing number of students commuting **independently**, whether on foot, by **private drivers**, **e-rickshaws**, or **other forms of public transport**.

In light of this, we request all parents to kindly take note of the following **advisory** for your ward's safety:

1. **Ensure Reliable Transport:** If your child travels by e-rickshaw, cab, or any public or private transport, kindly verify the credentials and reliability of the service provider.
2. **Educate Your Ward:** Please educate your child on basic safety protocols, avoiding interactions with strangers, not sharing personal information, and always staying alert during commute.
3. **GPS & Tracking:** If your ward commutes via private transport or driver, ensure the vehicle has tracking or contact availability at all times.
4. **Drop & Pick-up Timings:** Parents must ensure timely pickup and drop-off. Unsupervised waiting outside school premises can pose unnecessary risks.
5. **Emergency Contact:** Teach your ward important contact numbers, including yours and that of the school, in case of an emergency.
6. **No School Responsibility:** Please note that the **school shall not be responsible for any incident that occurs during travel by independently arranged transport**, including public modes of commute.

We strongly urge parents to **review** and **reassess** the current commute arrangement of their ward and take all necessary steps to ensure a safe and secure travel experience to and from school.

Let us work together to ensure the safety of every student.

Warm regards,
Principal
